20
TWENTY DOLLARS

\$20 discount on Sustainability Declaration!

As of January 1st 2010 new laws require all residential properties for sale in Queensland to have a Sustainability Declaration completed and available for potential buyers to inspect

FACT:

Don't jeopardise the sale of your property! Use a professional to complete your Sustainability Declaration report because -you as the seller may be liable to a buyer if a sustainability declaration is found to be false or misleading.

FACT:

If a declaration is not completed or made available to buyer there are fines.

FACT:

The declaration will summarise the energy, water, safety and access features of your property for prospective buyers.
